SAFETY DATA SHEET

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND COMPANY/UNDERTAKING

GHS Product Identifier
Product Name: NEON Sugar Tease (Teasing Hairspray)

Other means of Identification
Synonyms: none

Recommended use of the chemical and restrictions on use
Recommended Use: No information available
Uses advised against: No information available

Supplier’s Details

Supplier Address
Chicago Aerosol
1300 North St.
Coal City, IL 60416
Tel: 815-634-5100

Emergency Telephone number
Emergency Telephone Number 1-866-634-5100
Chemtrec 1-800-424-9300

GHS label elements, including precautionary statements

EMERGENCY OVERVIEW

Signal Word Danger

Hazard Statements

- Causes serious eye irritation
- Extremely flammable aerosol
- May cause respiratory irritation
- May cause drowsiness or dizziness
- Additional information available upon request.
Appearance  Clear  Physical State  Aerosol  Odor  Odor Fragranced

Precautionary Statements

Prevention
• Obtain special instructions before use.
• Do not handle until all safety precautions have been read and understood.
• Use personal protective equipment as required.
• Wash face, hands and any exposed skin thoroughly after handling.
• Wear eye/face protection.
• Avoid breathing dust/fume/gas/mist/vapors/spray.
• Use only outdoors or in a well-ventilated area.
• Keep away from heat/sparks/open flames/hot surfaces - No smoking.
• Do not spray on an open flame or other ignition source.
• Pressurized container: Do no pierce or burn, even after use.

General Advice
• If exposed or concerned: Get medical attention/advice

Eyes
• IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
• If eye irritation persists: Get medical advice/attention.

Inhalation
• IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

Storage
• Store locked up.
• Store in a well-ventilated place. Keep container tightly closed.
• Protect from sunlight. Do no expose to temperatures exceeding 50°C/122°F

Disposal
• Dispose of contents/container to an approved waste disposal plant.

Hazard Not Otherwise Classified (HNOC)
Rapid evaporation of the liquid may cause frostbite.

Other information
May be harmful if inhaled. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal.

4. FIRST AID MEASURES

**Description of necessary first-aid measures**

**Eye Contact**  
Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention immediately if irritation persists.

**Skin Contact**  
Wash off with warm water and soap. In case of contact with liquefied gas, thaw frosted parts with lukewarm water. Get medical attention if symptoms occur.

**Inhalation**  
IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

**Ingestion**  
Clean mouth with water and afterwards drink plenty of water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention.

**Most important symptoms/effects, acute and delayed**

**Eye irritation/reactions. Frostbite. Drowsiness. Dizziness. Simple asphyxiant.**

**Indication of immediate medical attention and special treatment needed, if necessary**

**Notes to Physician**  
Treat symptomatically.

5. FIRE-FIGHTING MEASURES

**Suitable Extinguishing Media**
Carbon dioxide (CO₂). Dry chemical. Alcohol-resistant foam. Water fog.

**Unsuitable Extinguishing Media**  
No information available.

**Specific Hazards Arising from the Chemical**
No information available.

**Hazardous Combustion Products**  
Thermal decomposition can lead to release of irritating and toxic gases and vapors: Carbon oxides. Nitrogen oxides (NOₓ).

**Explosion Data**
- Sensitivity to Mechanical Impact: Yes
- Sensitivity to Static Discharge: Yes

**Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures**

**Personal Precautions**  
Contents under pressure. Remove all sources of ignition. Do not puncture or incinerate cans. Avoid contact with skin, eyes and clothing. Do not touch damaged containers or spilled material

**Environmental Precautions**

**Environmental Precautions**  
See Section 12 for additional Ecological Information.

**Methods and materials for containment and cleaning up**

*The exact percentage (concentration) of composition has been withheld as a trade secret.*
Hygiene Measures

Handle in accordance with good industrial hygiene and safety practice.

- No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, approved respiratory protection should be worn.
- Lightweight protective clothing. Protective gloves. Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion.
- No protective equipment is needed under normal use conditions. Risk of contact, wear: Safety glasses with side-shields.

7. HANDLING AND STORAGE

Precautions for safe handling

Handling

- Contents under pressure. Keep away from open flames, hot surfaces and sources of ignition. Avoid contact with skin, eyes and clothing.

Conditions for safe storage, including any incompatibilities

Storage

- Store in a cool, dry area away from potential sources of heat, open flames, sunlight or other chemicals.

Incompatible Products

- Strong oxidizing agents.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameters

Exposure Guidelines

Appropriate engineering controls

Engineering Measures

- Showers
- Eyewash stations
- Ventilation systems

Individual protection measures, such as personal protective equipment

Eye/Face Protection

- No protective equipment is needed under normal use conditions. Risk of contact, wear: Safety glasses with side-shields.

Skin and Body Protection

- No protective equipment is needed under normal use conditions. Lightweight protective clothing. Protective gloves. Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion.

Respiratory Protection

- No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, approved respiratory protection should be worn.

Hygiene Measures

- Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

<table>
<thead>
<tr>
<th>Physical State</th>
<th>Aerosol</th>
<th>Appearance</th>
<th>Clear</th>
</tr>
</thead>
</table>

Page 4 of 9
10. STABILITY AND REACTIVITY

Reactivity
Not reactive under normal conditions.

Chemical stability
Stable under recommended storage conditions.

Possibility of hazardous reactions
None under normal processing.

Hazardous Polymerization
Hazardous polymerization does not occur.

Conditions to avoid
Heat, flames and sparks.

Incompatible materials
Strong oxidizing agents

Hazardous decomposition products
Carbon oxides. Nitrogen oxides (NOx).

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information

Inhalation
May cause irritation of respiratory tract. May cause drowsiness and dizziness.
Eye Contact
Contact with eyes may cause serious eye irritation based on the components present within the product.

Skin Contact
Contact with product may cause frostbite.

Ingestion
May be harmful if swallowed. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.

### Chemical Name Table

</tr>
</tbody>
</table>

### Symptoms related to the physical, chemical and toxicological characteristics

**Symptoms**

Eye contact with liquid may cause irritation including stinging, burning, tearing, or reddening of the eyes. Avoid skin contact with leaking liquid (danger of frostbite).

**Delayed and immediate effects and also chronic effects from short and long term exposure**

- **Sensitization**: No information available.
- **Mutagenic Effects**: No information available.
- **Carcinogenicity**: Additional information available upon request.

### Toxicological Properties - Product

<table>
<thead>

- **Reproductive Toxicity**: No information available.
- **STOT - single exposure**: May cause respiratory irritation. May cause drowsiness or dizziness.
- **STOT - repeated exposure**: No information available.
- **Aspiration Hazard**: No information available.

**Numerical measures of toxicity - Product**

_The following values are calculated based on chapter 3.1 of the GHS document:_

- **LD50 Oral**: Additional information available upon request.
- **LD50 Dermal**: Additional information available upon request.
- **Inhalation**: Additional information available upon request.
- **Vapor**: Additional information available upon request.
Ecotoxicity
The environmental impact of this product has not been fully investigated.

Other Adverse Effects
No information available.

13. DISPOSAL CONSIDERATIONS
Waste Disposal Methods
Dispose of in accordance with federal, state, and local regulations.

Contaminated Packaging
Do not re-use empty containers.
